## ABOUT US

Established in 1997, Meerut Institute of Engineering & Technology (MIET) has been synonymous with academic excellence, innovation, and outstanding placements. Recognized among India's leading Institutions, MIET has consistently achieved remarkable success in academics and employability, producing more than 28 AKTU Gold Medallists, including recipients of the Chancellor's Medal in consecutive years.

A NAAC and NBA-accredited autonomous Institution, MIET offers a dynamic learning environment that blends academic rigor with industry relevance. We provide 100% placement assistance and focus on developing Future-Ready Professionals through skill-based learning, coding culture, innovation challenges, and industry-driven training.

MIET's commitment to entrepreneurship and research is reflected through the MIET Incubation Forum, ACIC MIET Meerut Foundation, and AICTE Idea Lab, which have nurtured over 87+ startups and earned multiple recognitions, including Best Startup Awards from the Hon'ble Governor of Uttar Pradesh. The Institute is an AKTU-recognized research center in Pharmacy, Biotechnology, Computer Science & Engineering, and Electronics & Communication Engineering.

Through strategic collaborations with global industry leaders such as IBM, SAP, Salesforce, Adobe, Bosch, Texas Instruments, and Siemens, MIET equips students with cutting-edge technological expertise and hands-on industry exposure. Guided by the vision of its leadership, MIET continues to empower students with knowledge, innovation, perseverance, and entrepreneurial thinking, making it one of the most sought-after Institutions for higher education in India.

## VISION

To be an outstanding Institution in the country, imparting technical education, providing need-based, value-based, & career-oriented programs, & producing self-reliant, self-sufficient technocrats capable of meeting emerging challenges.

## MISSION

The mission of the Institute is to educate young aspirants in various technical fields to fulfill the global requirement of human resources by providing sustainable quality education, training, & an invigorating environment, besides molding them into skilled, competent, & socially responsible citizens who will lead the building of a powerful nation.

## OBJECTIVE

The Institute aims to produce technically skilled professionals who meet both local & global industry standards in Management & Technology. It offers quality education & holistic development through qualified staff & advanced infrastructure. Regular training programs, workshops, & industry interactions enhance academic excellence. The Institute remains committed to national development and regional social upliftment.

## MESSAGES FROM DESK

Welcome to Meerut Institute of Engineering & Technology, a premier Institution dedicated to fostering innovation, creativity, & excellence in engineering education, while empowering students to achieve their dream careers.

As Chairman, I am proud to lead an Institution that has consistently delivered high-quality education, research, & innovation since 1997, nurturing talent & transforming young minds into global professionals. Our commitment to academic excellence, Industry partnerships & student development have enabled us to produce skilled engineers who excel globally.

At MIET, we strive to create a conducive learning environment that encourages creativity, critical thinking, and innovation. Our experienced faculty, Modern infrastructure, and industry-relevant curriculum ensures that our students are well-equipped with advanced practical knowledge, strong industrial & International ties, and a thriving alumni network to tackle real-world challenges.

With students from diverse backgrounds and a strong alumni network, we take pride in our inclusive and dynamic community. By choosing MIET, you have taken an important step toward shaping your future. We remain committed to providing opportunities for students to grow, learn, and succeed.

**SHRI VISHNU SARAN**

Chairman - MIET Group of Institutions

**PROF. (DR.) S.K. SINGH**  
Campus Director, MIET Meerut

As the Director of Meerut Institute of Engineering & Technology (MIET), I extend a heartfelt welcome to all aspiring engineers & technologists. At MIET, we are dedicated to nurturing talent & fostering innovation through a strong academic foundation, cutting-edge research opportunities, and meaningful industry exposure. Our mission is to shape students into competent professionals & responsible citizens who can lead with integrity & vision in an ever-evolving global landscape.

We believe in holistic development, encouraging not just academic excellence but also leadership, creativity, & ethical values. With state-of-the-art infrastructure, experienced faculty, & a vibrant campus life, MIET offers an environment where ideas thrive & futures are built. Join us on this journey of discovery, innovation, & excellence. Together, let us build a brighter future for you & the world around you.

## OUR ACADEMIC TOPPERS

**T**oday, we proudly celebrate the shining stars of MIET-our academic achievers who have turned hard work into success. Their dedication focus, and passion for learning are truly inspiring. These students remind us that excellence isn't just a goal-it's a way of life at MIET.

The Prize distribution ceremony is a proud moment for MIET, as we honor our outstanding students and academic achievers. These bright minds have not only excelled in their studies but have also set a benchmark of dedication, discipline, & determination.

# CENTER OF EXCELLENCE

C is a compiled language. Python is an interpreted language. There is a limited number of built-in functions available in C.

See how AI and automation are the catalyst for continuous innovation by using the UiPath Business Automation Platform to automate all knowledge work.

Salesforce, Inc. is an American Cloud-based software company headquartered in San Francisco, California.

IoT refers to devices equipped with sensors, software, & processing capabilities that connect to networks to collect & exchange data with other devices & systems.

Cybersecurity is the practice of protecting systems, networks, and programs from digital attacks.

At Honeywell, we're transforming the way the world works, solving your business's toughest challenges.

AIMA BIZ LAB is a first-of-its-kind virtual lab for management students. Just like the laboratories for other education fields, the AIMA BizLab software.

Wipro's technology & IT consulting services enable enterprises to build innovative solutions for addressing the most complex digital transformation needs.

Invent with purpose, realize cost saving, and make your organization more efficient with Microsoft Azure's open flexible cloud computing platform.

Data Science, artificial intelligence (AI), and machine learning (ML) are related fields that use data to inform decision-making.

As part of the expanded collaboration, Intel will produce an AI Fabric chip for AWS on Intel 18A, the company's most advanced process node.

Texas Instruments has been making progress possible for decades, we are a global semiconductor company that designs, manufactures, tests and sells analog.

SAP University Alliances students and faculty to SAP software by providing networking and educational activities & partnering to build.

For more than a century, IBM has been a global technology innovator, leading advances in AI automation hybrid cloud solutions that help businesses.

## INTERNATIONAL COLLABORATION

At Meerut Institute of Engineering and Technology, we are duly committed to being quality globally competent professionals who constantly strive for global excellence and make India the hub of the best educational training institutions. Studying programs with global partnerships can elevate a student's exposure to international trends in their field of study, open up global opportunities in terms of research, and provide global connections that can help them find excellent career opportunities in the long run. MIET might be local, but in the times to come, we will break the glass ceiling and be a global educational powerhouse.

## INDUSTRIAL CONNECT

At Meerut Institute of Engineering and Technology, the ongoing interaction between the Industry-Academia Connect is an essential one. To strengthen the relationship between industry and our institute, the Industry-Institution Interaction Cell was established right at its inception, which provides an excellent platform for both the students as well as the faculty members to be aware of industry expectations from the graduates. IAC serves as a podium to showcase the best practices, latest technologies, an industry standpoint and their implementation.

Students stand to benefit greatly from exposure to real-world applications and industry challenges. When businesses collaborate with Educational Institutions to provide more practical experiences, it enhances the learning experience and yields better outcomes.
